Announcing the Virtual Backpack!

In an effort to eliminate waste and to “take back our backpacks,” District 54 is implementing a new way to share community events with our students and families in 2009.

We call it the Virtual Backpack.

We know that parents are interested in extracurricular activities. At the same time, we don't want the homework, letters from the teachers, school news and other important district information to get lost among the countless other pieces of paper in our students' backpacks.

Now organizations will be able to send us their files electronically and we will post them here. Parents who wish to stay informed about community activities for children will be able to view the flyers from nonprofit organizations on our district's website.

Organizations wishing to post a flyer on this site must email a pdf document to TerriMcHugh@sd54.org.

The flyers posted in the Virtual Backpack are the responsibility of the group listed and do not imply District 54's endorsement.
